

# MONARCH CONVERTIBLE SPECIALTY II

PROJECT: \_\_\_\_\_  
ITEM: \_\_\_\_\_ QUANTITY: \_\_\_\_\_

## MODEL # SCMB-CR

### SPECIFICATIONS

The Monarch SCMB-CR Specialty II Series display case consists of a refrigerated grab and go bottom section with a convertible service upper section. Top display features insulated glass top and front and a baffle for converting temperature between refrigerated and ambient. The insulated glass is capped with a 2-piece stainless steel cap to keep the joint as small as possible. The squared edges bring back the lined look of bakeries of the past. The exterior is finished with standard grade laminate.

Available lengths:  48"  60"  72"

Available depths:  42"

Available heights:  60"

\* All electric requirements include a condensate evaporator pan.

Conforms to UL Standard 471, and NSF Standard 7; Certified To CSA Standard C22.2 No. 120

RPI refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards

1. The SCMB-CR merchandiser is designed for use in stores where temperature and humidity do not exceed 75 degrees F and 55% R. H. Locate away from direct sunlight, rapid air currents and extreme temperature changes. Exposure to air currents from ceiling fans, air conditioners, ovens, etc. will disrupt the case's air curtain and refrigerated zone within. Any adverse field conditions stated above will void warranty.

RPI in line with it's current policy to continually improve it's product reserves the right to change materials and specifications without notice.
