

MODEL # VI-IS

SPECIFICATIONS

The Vienna Island Series VI-IS includes (3) different styles: Open-Air, Closed Cold Display and Closed Dry Display. These models can be purchased and used individually or in any combination of the 3. They each include a stainless steel exterior, (2) tempered glass shelves with lights, top canopy light, rear fold down work ledge and hinged rear doors. Units are available in straight or curved style. Combinations of the two styles can also be created to better suit customer requirements.

1. A 1 1/8" diameter drain is provided. The drain **MUST** be run to a floor drain **AT TIME OF INSTALLATION**.
2. RPI Merchandiser is designed for use in stores where ambient temperatures and humidity do not exceed 75 Degrees Fahrenheit and 55% R.H. Locate away from direct sunlight, rapid air currents and extreme temperature changes. Exposure to air currents from ceiling fans, air conditioning diffusers, ovens, etc. will disrupt the case air curtain and refrigerated zone. Any adverse field conditions stated above will void warranty.

RPI in line with its policy to continually improve its products reserves the right to change materials and specifications without notice.
