PROJECT:
TOLL FREE: 800-525-3692

The CTPD merchandiser is designed for use in stores where temperature and humidity do not exceed 75 degrees Fahrenheit and 55% R. H. Locate away from direct sunlight, rapid air currents and extreme temperature changes. Exposure to air currents from ceiling fans, air conditioners, ovens, etc. will disrupt the case's air curtain and refrigerated zone. Any adverse field conditions stated above will void warranty.

RPI in line with it's policy to continually improve it's product reserves the right to change materials and specifications without notice.
